PROFILE

Internal audit manager with audit, risk and controls experience across Citi Internal Audit, JPMorgan Chase first-line controls and state bank examination. Plans and leads audits from risk assessment to report, forms the overall opinion on the control environment, and presents sensitive issues to senior management and the Board Audit Committee. Runs **continuous monitoring** of coverage areas between audits. Brings AI into the audit lifecycle as a practitioner and researcher: built an LLM review assistant, wrote a prompt library and trained auditors to use it, and is completing a doctorate on how AI-assisted review changes professional judgment. Former JPMorgan employee who knows the firm's control framework from the inside.

SELECTED RESULTS

15+	Business units audited end to end; co-led consent-order closure audits whose evidence was accepted by external regulators	*Citi Internal Audit*
~35%	Less review cycle time from an LLM review assistant he built, governed under a NIST AI RMF framework he wrote, and rolled out with training	*Citi*
15	Auditors led and reviewed across New York, India and Canada	*Citi*

EXPERIENCE

Vice President, Audit Manager — Citi

Jul 2021 – Apr 2026

Internal Audit — Cross-Enterprise Program & Change Management | New York, NY

- **Audit delivery:** planned and led program-management, thematic and change audits across **15+ business units**, from risk and control assessment through testing to report; finalized findings, formed the overall opinion on the control environment and recommended control improvements.
- **Regulatory work:** co-led **consent-order closure** audits whose evidence was **accepted by external regulators**; validated closure of everyday issues and returned those not ready; prepared evidence for regulatory examinations.
- **Continuous monitoring:** monitored key metrics and business activity for his coverage areas between audits to spot control issues and adverse trends early, and raised them with audit management and the business.
- **AI and analytics:** built a Python/LLM review assistant with human review (~35% less review cycle time), wrote a prompt library for planning, testing and report drafting, and trained auditors to use both; used Python, SQL, Alteryx and Tableau to test full populations and target samples.
- **Team and stakeholders:** led and reviewed a team of **15 auditors** across New York, India and Canada, giving timely feedback; performed QA reviews of other teams' workpapers; reported to senior management and the Board Audit Committee while partnering with Risk, Compliance and regulators.

Risk Control Manager, Treasury & CIO — JPMorgan Chase

Mar 2019 – Jun 2021

First-Line Controls and Model Controls | Jersey City, NJ

- Performed RCSA in CORE and designed **KRIs and KPIs** for proactive monitoring; designed model controls for qualitative models and quantitative-model attestations, including model overlays.
- Partnered with Internal Audit, Risk and Compliance; led CCAR forecast validation over a **$2.6T** balance sheet; automated reconciliations, cutting manual review ~40%.
