

YASIR A. MALIK

Risk, Audit & Vendor Governance Leader | AI-Automated Assurance | Former Bank Examiner

Newark, NJ • Preferred working location: New York, NY • YasirAMalik@gmail.com • +1 (786) 704-8536 • linkedin.com/in/yasiramalik

PROFILE

Builds **risk assessment and audit governance programs** from scratch and runs them as an executive individual contributor. At Citi Internal Audit, designed the **governance framework, policies and playbooks** for the audit of enterprise AI and third-party AI, then **used AI to automate the audit work itself**: a retrieval-augmented review assistant he specified, built and put into production, with the validation habits the job demands — reviewing automated outputs, resolving edge cases, holding quality control. Led **root-cause analysis** and **corrective action plans** across 15+ business units under a regulatory consent order, with closure evidence accepted by quality assurance and external regulators, and briefed executives and the Board Audit Committee on **key risk indicators**. Comfortable translating a technical control failure into a business risk a non-technical leader can act on.

SELECTED RESULTS

~35%	Faster audit review cycle from an AI review assistant he built to automate compliance checking, with human validation of every automated output	Citi
15+	Business units under consent-order remediation: root-cause analysis, corrective action plans, remediation validated to closure	Citi
50+	Stakeholders in Legal, Treasury and Operations coordinated into Federal Reserve and FDIC submissions against statutory deadlines	JPMorgan Chase

EXPERIENCE

Vice President, Audit Manager — Citi

Jul 2021 – Apr 2026

Internal Audit, Cross-Enterprise Program & Change Management | New York, NY

- **Designed and scaled the risk assessment and audit framework** for enterprise AI and third-party AI: use-case intake, risk tiering by criticality, a control library mapped to NIST AI RMF, governance policies and audit playbooks, and post-deployment monitoring KPIs.
- **Leveraged AI to automate the audit**: specified, built and shipped a retrieval-augmented review assistant (Python, LangChain) that checks work against standards; reviewed its outputs, resolved edge cases and kept strict quality control so the automation was itself auditable.
- **Led consent-order remediation across 15+ business units**: root cause analysis (RCA) of control failures, corrective action plans with owners and dates, validation of remediation to closure, and executive briefings that turned technical findings into business risk.
- Established **key risk indicators and dashboards** for executive and Board Audit Committee reporting; primary audit contact for cross-functional partners in Compliance, Legal, Privacy and Technology; ran training programs for **8+ auditors** on AI tools, control environments and escalation.

Risk Control Manager, Treasury & CIO — JPMorgan Chase

Mar 2019 – Jun 2021

First-Line Capital Controls & Resolution and Recovery Planning | Jersey City, NJ

- Owned the first-line control framework for Treasury and CIO capital activities; led CCAR forecast validation and model challenge over a **\$2.6T** balance sheet; automated reconciliations cut manual review ~40%.
- Ran **Resolution & Recovery Planning** — the firm's business-continuity submission to the Federal Reserve and FDIC — across **50+ stakeholders** in five functions, none reporting to him, against statutory deadlines.

Capital Controller, Basel Measurement & Analytics — JPMorgan Chase

Sep 2017 – Feb 2019

Brooklyn, NY • preceded by Program Manager, CIB Resolution & Recovery Planning (2015–2017)

Owned Basel III RWA and capital adequacy reporting across a **\$50B** book; identified **\$180M** in capital optimisation.

Assistant Vice President, Global Legal Entity Management — Citi

2012 – 2015

Tampa, FL

Consolidated **500+ data sources** under ownership and data-quality controls, automating regulatory filings at **99.8%** accuracy.

Bank Examiner, Bureau of Bank Regulation — Florida Office of Financial Regulation

Apr 2011 – Mar 2012

West Palm Beach, FL • earlier: Senior Business Analyst, Retail Credit Risk — Royal Bank of Scotland, Dubai (2008–2009)

Conducted CAMELS safety-and-soundness examinations alongside federal banking regulators; authored workpapers supporting formal enforcement actions.

GOVERNANCE & TECHNICAL SKILLS

Governance: vendor and third-party risk assessment • audit frameworks, policies and playbooks • root-cause analysis and post-mortems • corrective action plans and remediation tracking • KRIs and dashboards • business continuity planning • NIST AI RMF • ISO/IEC 42001 • COSO • Three Lines of Defense • Global Internal Audit Standards

AI & automation: LLMs and generative AI • retrieval-augmented generation • LangChain • prompt engineering • evaluation and red-teaming scripts • validation of automated outputs • Python • SQL • Alteryx • Tableau • GitHub Actions

EDUCATION & CREDENTIALS

Doctor of Business Administration, Florida International University — in progress; dissertation in development: *Anchoring Bias in LLM-Assisted Audit Judgment* — how reviewers validate, or fail to validate, AI output. **MBA, Florida International University** — 2011 • **B.Sc., Banking & Finance, London School of Economics** — 2005

Certifications: FDIC Bank Examiner I • Registered Scrum Master • GCP Social/Behavioral Human Research; *in progress* CIA Part 1 and IAPP AIGP.
