

YASIR A. MALIK

Responsible AI Program Manager — Governance, Safety Standards & Enterprise Trust

Newark, NJ · YasirAMalik@gmail.com · +1 (786) 704-8536 · linkedin.com/in/yasiramalik · github.com/MalikAI-786

SUMMARY

Twenty years running risk and safety programs where a bad launch is a federal matter. Authored an **AI governance framework** referencing **NIST AI RMF and SR 11-7** — model inventory, risk tiering, explainability, human-in-the-loop controls — and built the AI tooling it governs. Former **OCC bank examiner**; led consent-order remediation with evidence accepted by federal regulators — pre-launch safety review under the harshest audience. **DBA candidate** (FIU, expected 2028) researching over-reliance on AI tools — the human-factors half of Responsible AI.

EXPERIENCE

Citi — Vice President, Audit Manager · New York, NY · *Jul 2021 – Apr 2026*

- Authored the **AI governance framework** for the internal governance team: use-case inventory, **risk tiering to prioritize higher-risk offerings**, explainability requirements, and human-in-the-loop control design — referenced to **NIST AI RMF and SR 11-7**.
- Ran **risk-based review across 15+ business units**, setting the standard for what had to be true before a change shipped, and escalating where it wasn't.
- Drove **consent-order remediation**: issue-closure packages and evidence submitted to quality assurance and **external regulators** — safety claims that had to survive adversarial review.
- Built and shipped a prompt-engineered **RAG document assistant** (~35% faster review) — so the governance frameworks were written by someone who has also shipped the product being governed.
- Delivered executive and **Board Audit Committee** reporting; mentored **8+ staff** on responsible AI adoption and bias awareness.

JPMorgan Chase — Risk Control Manager, Treasury & CIO · Jersey City, NJ · *Mar 2019 – Jun 2021*

- Led the **Resolution & Recovery Planning** program across **50+ stakeholders** in Legal, Treasury, and Operations — cross-functional program management against immovable regulatory deadlines, delivering to the **Federal Reserve and FDIC**.
- Built automated reconciliation dashboards cutting manual review **~40%**.

JPMorgan Chase — Capital Controller, Basel Measurement · Brooklyn, NY · *2017 – 2019* — Owned **Basel III RWA** and capital adequacy reporting; identified **\$180M** in optimization. **Citi — AVP, Global Legal Entity Management** · Tampa, FL · *2012 – 2015* — Centralized **500+ data sources**, enabling automated **FR2900/TIC** filings at **99.8% accuracy**.

OCC / FL Office of Financial Regulation — Bank Examiner · West Palm Beach, FL · *2011 – 2012* — Safety-and-soundness examinations; contributed to enforcement actions. **FDIC Bank Examiner I**.

EDUCATION

DBA (in progress), Florida International University · GPA **3.81** · Expected **2028** · Qualifying research completed Jul 2026: *Mitigating Anchoring Bias in Long-Term Auditor Engagements* (IRB-25-0462) · Dissertation in development: automation bias in AI-assisted judgment · **MBA**, FIU · 2011 · **B.Sc., Banking & Finance**, London School of Economics · 2005 · **Columbia Engineering FinTech Boot Camp** · 2021

SKILLS

Responsible AI: NIST AI RMF · SR 11-7 model risk · EU AI Act and ISO/IEC 42001 readiness · risk tiering · explainability · human-in-the-loop design · pre-launch review · responsible-AI policy

Program management: Cross-functional programs (50+ stakeholders) · regulatory deadline delivery · milestone ownership · escalation management · executive and Board reporting

Technical: Python (applied) · RAG and prompt engineering · SQL · Tableau · GitHub
