SUMMARY

Twenty years in financial control, capital reporting, and business management across JPMorgan Chase and Citi. Six of those years were inside JPMorgan — owning Basel III RWA and capital adequacy reporting on a \$50B book and surfacing \$180M in capital optimization for CFO decision support, running CCAR forecast validation over a \$2.6T balance sheet, and coordinating CIB regulatory deliverables across legal entities, controllers, and Treasury. Consistent pattern across every role: take a reporting process that is manual, slow, and error-prone, and make it governed, automated, and defensible — reconciliations down ~40%, review cycle down ~35%, 500+ legal-entity data sources consolidated to 99.8% filing accuracy. Began as a bank examiner with the Florida Office of Financial Regulation, so the control standard was learned from the examiner's side of the table. **Honest framing:** this record is Corporate & Investment Bank and enterprise Finance, not Consumer & Community Banking — the consumer product set is ramp, the financial-control discipline transfers intact. Newark resident; Jersey City is a 25-minute commute.

SELECTED RESULTS

Result	What it was	Where
\$180M	Capital optimization opportunities identified and quantified for CFO decision support, from Basel III RWA and capital adequacy reporting across a \$50B portfolio	JPMorgan Chase
~40% less	Manual review effort on capital and liquidity reconciliations, by automating them — and removing a recurring source of reporting error	JPMorgan Chase
99.8%	Filing accuracy on automated FR 2900 and TIC regulatory reporting, after consolidating 500+ legal-entity data sources into governed master data	Citi
~35% faster	Review cycle time, by building and shipping a retrieval-augmented reporting assistant (Python, LangChain, Alteryx integration) — built it, did not commission it	Citi

CORE COMPETENCIES

Financial Control & Close Governance | Capital Adequacy & Basel III RWA Reporting | CCAR and SR 15-18 Capital Planning | Liquidity and Treasury Reporting | Legal-Entity and Management Reporting | Regulatory Reporting (FR 2900, TIC) | Reporting Automation and Process Re-engineering | Data Governance for Financial Reporting | Executive and Board-Level Reporting | Cross-Functional Program Delivery (50+ stakeholders) | Control Design and Operating-Effectiveness Assessment | Python • SQL • Alteryx • Tableau • Power BI • Excel/VBA

PROFESSIONAL EXPERIENCE

Capital Controller, Basel Measurement & Analytics — JPMorgan Chase — Sep 2017 – Feb 2019

Brooklyn, NY • preceded by Program Manager, CIB Resolution & Recovery Planning (2015–2017)

- Owned **Basel III RWA and capital adequacy reporting** across a \$50B portfolio of equities, fixed income, and OTC derivatives — the monthly and quarterly numbers, their substantiation, and their defence to Finance leadership.
- Identified and quantified **\$180M in capital optimization** for CFO decision support, by analysing where RWA treatment and booking structure were costing capital unnecessarily.
- As Program Manager, CIB RRP: coordinated regulatory deliverables across legal entities, controllers, and Treasury — business management in practice, against deadlines that do not move.

Risk Control Manager, Treasury & CIO — JPMorgan Chase — Mar 2019 – Jun 2021

Capital Controls & Resolution and Recovery Planning | Jersey City, NJ

- Led **CCAR forecast validation** and qualitative model challenge over a **\$2.6T balance sheet** under SR 15-18, partnering with Finance, Treasury, and Model Risk on capital-planning submissions.
- Automated capital and liquidity reconciliations, cutting manual review effort ~40%** and eliminating a recurring source of reporting error — the reporting-efficiency work this function lives on.
- Ran Resolution & Recovery Planning across **50+ stakeholders** in Legal, Treasury, and Operations, delivering to the Federal Reserve and FDIC against statutory deadlines.

Vice President, Audit Manager — Citi — Jul 2021 – Apr 2026

Internal Audit, Cross-Enterprise Program & Change Management | New York, NY

- Assessed control design and operating effectiveness over **financial, business, and technology processes across 15+ business units** — four years spent judging whether a reporting control actually works, which is the fastest way to learn how to build one that does.
- Built and shipped a **retrieval-augmented reporting assistant** (Python, LangChain, vector search, Alteryx integration) that cut review cycle time **~35%**.
- Delivered executive and **Board-level reporting**; coached 8+ staff. Citi *Delivers with Pride* recognition.

Assistant Vice President, Global Legal Entity Management — Citi — 2012 – 2015

Tampa, FL

- Consolidated **500+ legal-entity data sources** into governed master data, enabling automated **FR 2900 and TIC** regulatory filings at **99.8% accuracy** — legal-entity and management reporting at source.

Bank Examiner, Bureau of Bank Regulation — Florida Office of Financial Regulation — Apr 2011 – Mar 2012

West Palm Beach, FL

- Safety-and-soundness examinations across credit, liquidity, and operational risk alongside federal banking regulators. **FDIC Bank Examiner I.**

EDUCATION & CERTIFICATIONS

Doctor of Business Administration, Florida International University — in progress, expected 2028 | GPA 3.81. **MBA, Financial Mathematics, Florida International University** — 2011 • **B.Sc., Banking & Finance, London School of Economics** — 2005 • **Columbia Engineering FinTech Boot Camp** — 2021

Certifications: FDIC Bank Examiner I • Registered Scrum Master • GCP Human Subjects Research. *In progress:* CIA Part 1, CISA, IAPP AIGP.
