

YASIR A. MALIK

Internal Audit & Risk Executive | AI Governance, Responsible AI & Model Risk | Automation-Bias Researcher
Newark, NJ • YasirAMalik@gmail.com • +1 (786) 704-8536 • linkedin.com/in/yasiramalik • github.com/MalikAI-786

EXECUTIVE SUMMARY

Internal audit and risk executive with 20+ years across Citi, JPMorgan Chase, and FL OFR, focused on AI governance, responsible AI, and model risk (SR 11-7). A builder-auditor who uses today's AI tools hands-on — he built a text-based RAG document assistant and proposed an AI governance framework referencing NIST AI RMF and SR 11-7 for an internal governance team. Former FL OFR examiner; at Citi, led consent-order remediation, issue-closure packages, and legal-entity divestiture audits feeding QA review and external regulators. Active DBA researcher (FIU, GPA 3.81, expected 2028); completed an IRB-approved empirical study of anchoring bias in auditor judgment in July 2026, now developing a dissertation on automation bias in AI-assisted tools.

CORE COMPETENCIES

Internal Audit & Controls (Global Internal Audit Standards) | Risk-Based Audit Planning & Risk Assessment | Consent-Order Remediation & Issue Closure | Regulatory Examination (State/Fed) | Resolution & Recovery Planning (RRP) | Basel III RWA & Capital Adequacy | AI Governance & Responsible AI | Automation Bias & AI Risk in Audit Judgment | Model Risk (SR 11-7) & NIST AI RMF | Applied AI Tools, RAG & Prompt Engineering | Executive & Audit Committee Reporting | Data Analytics (SQL, Tableau, Excel/VBA)

PROFESSIONAL EXPERIENCE

Vice President, Audit Manager — Citi

Jul 2021 – Apr 2026

Cross-Enterprise Program & Change Management | New York, NY

- Led global, risk-based thematic audits across 15+ business units, assessing operational resilience, change management, and regulatory alignment with state/fed standards.
- Drove consent-order remediation: prepared issue-closure packages and audited remediation items submitted to quality assurance (QA) review and external regulators, including work tied to Citi's legal-entity divestitures.
- Built a text-based, prompt-engineered RAG document assistant for audit and workpaper Q&A (estimated ~35% faster review) plus a self-promoting professional-brand AI agent — demonstrating hands-on applied AI.
- Proposed an AI governance framework for the internal governance team referencing NIST AI RMF and SR 11-7 — covering model risk, explainability, and human-in-the-loop controls.
- Delivered executive risk reporting to senior leadership and the Board Audit Committee; mentored 8+ auditors on responsible AI adoption and bias awareness. Earned a "Delivers with Pride" recognition.

Risk Control Manager, Treasury & CIO — JPMorgan Chase

Mar 2019 – Jun 2021

Capital Controls & Resolution and Recovery Planning | Jersey City, NJ

- Led the firm's Resolution & Recovery Planning (RRP) program, coordinating 50+ stakeholders across Legal, Treasury, and Operations on regulatory submissions to the Fed and FDIC.
- Supported Treasury & CIO capital controls and reconciliation reporting; built automated reconciliation dashboards that cut manual review time ~40%.

Capital Controller, Basel Measurement & Analytics — JPMorgan Chase

Sep 2017 – Feb 2019

Brooklyn, NY (preceded by Program Manager, CIB Resolution & Recovery Planning, 2015–2017)

- Owned Basel III RWA calculations and capital adequacy reporting; identified \$180M in capital optimization opportunities and modeled capital impacts for CFO decision support.

Bank Examiner, Bureau of Bank Regulation — FL Office of Financial Regulation

Apr 2011 – Mar 2012

West Palm Beach, FL

- Conducted safety-and-soundness examinations evaluating credit, liquidity, and operational risk; contributed to enforcement actions and remediation monitoring with regulatory judgment.

EARLIER EXPERIENCE

Assistant Vice President, Global Legal Entity Management — Citi, Tampa, FL (2012–2015): Centralized 500+ legal-entity data sources, enabling automated FR2900 and TIC regulatory filings at 99.8% accuracy. Earlier: Senior Business Analyst, Retail Credit Risk — Royal Bank of Scotland, Dubai, UAE (2008–2009).

EDUCATION

Doctor of Business Administration (DBA), Florida International University — Expected 2028 | GPA 3.81. Qualifying research completed Jul 2026: *Mitigating Anchoring Bias in Long-Term Auditor Engagements* (IRB-25-0462). Dissertation in development: automation bias in AI-assisted auditor judgment.

Master of Business Administration (MBA), Florida International University — 2011 | GPA 3.8

B.Sc., Banking & Finance, London School of Economics (LSE) — 2005

Columbia Engineering FinTech Boot Camp, Columbia University — 2021 (ML, Python, Algorithmic Trading)

APPLIED AI, CERTIFICATIONS & TECHNICAL SKILLS

Independent applied-AI build (github.com/MalikAI-786 — **doctoral research instrument**): automated twice-daily market-signal pipeline (Python/Bash, GitHub Actions) — 5-factor bias model with rolling 10-day calibration, validation against three independent AI sources, and audit-grade controls: SHA-anchored append-only ledger, dated run-audit memos, published methodology, pre-flight data-quality gates (synthetic paper-trade results, explicitly disclosed). Live public dashboard (Chart.js, GitHub Pages) fed by a CI-driven JSON data pipeline.

Certifications: FDIC Bank Examiner I; Registered Scrum Master; GCP Social/Behavioral Human Research (AI Ethics).

Applied AI tools (hands-on): Claude, ChatGPT, Perplexity, Google Antigravity; prompt engineering; text-based RAG & document-chat assistants; n8n workflow automation.

Data & analytics: SQL, Tableau, Advanced Excel/VBA; Columbia FinTech coursework: LSTM deep learning, credit-risk classification (SMOTE/ensemble methods), ARIMA/GARCH time series, NLP sentiment analysis (Python).
